GREAT FALLS HIGH SCHOOL

The new Great Falls high school having been in use for two years, we feel that now is a fitting time to review certain facts about the beautiful structure.

Begun in 1928, the building cost $1,115,000, including the $90,000 stadium. It is 515 feet in length, from north to south, and the center wing, which is the widest, measures 205 feet from east to west. The whole is of concrete with a steel framework throughout. The outside walls are constructed of tapestry brick trimmed in Bedford stone. Class rooms have maple floors; laboratories have a resilient flooring; the library a composition rubber, and the corridors Terrazza.

The edifice is divided into three units. The north unit includes a gymnasium with a seating capacity of 1200—the largest in the state. In daytime folding screens divide the gym into two parts, both halves being of regulation size. The center section contains all class rooms, laboratories and study halls, together with the library, office, and nurses' office. The south portion consists of the auditorium, shops, music room, and cafeteria. One of the largest stages in the state, a large orchestra pit and a moving picture booth are features of the auditorium, which seats 1800. Its ceiling is of special celetox composition, which aids in registering sound. The cafeteria, situated directly below the auditorium, accommodates 475 at one time.

The school, together with the athletic stadium and tennis courts, is situated on a campus of four square blocks, all of which has been beautifully landscaped.

Every student, every member of the faculty, and every citizen and taxpayer of Great Falls has a right to be proud of such a plant—the largest and most modernly equipped in Montana.

APPRECIATION

SINCE the first issue of THE ROUNDUP, the kind patronage of the business and professional men of the city has been one of the many factors of its success. As the book has progressed with the high school, so have their contributions and numbers increased, until we are proud to call all the important business firms of the city our sponsors. This year, perhaps more than ever before, their loyal aid was both needed and appreciated.

As a symbol of our appreciation, we urge you students to patronize the firms listed here, keeping the thought in mind, that were it not for them, there would be no ROUNDUP.

SUPERINTENDENT OF SCHOOLS

IRVING WRIGHT SMITH

To the Great Falls High School, Both Teachers and Pupils:

"Greeting. We come into this world, helpless and without the least degree of self-control. For the preservation of life at that period external, objective control is absolutely necessary. Such control, however, is regarded as a temporary necessity only. We immediately begin by gradual and progressive training to eliminate it. Only as the young child acquires inner functions, do we feel that he is gaining that freedom which is the measure of adulthood. Through discipline he gradually arrives at freedom.

"Unless we are to remain a nation of moral children, we must retain the faith of our fathers that the same is true in the intellectual and moral realms. All our education—whether in the home, the church, or the school—must have as its great and supreme goal the attainment of eventual independence and freedom from objective, external control. The means to this end is intelligent discipline, consciously directed toward it.

"It is for you, teachers and pupils, to lead the way; to keep the faith of our fathers; and to uphold as the motto of these United States of America that noble line from America The Beautiful: 'Confirm thy soul in self-control.' Do not be discouraged; do not falter."

HIGH SCHOOL PRINCIPAL

MERLE C. GALLAGHER

"In the midst of a driving snow storm, with drifts piling high, a dozen or more sparrows gathered in the shelter under the eaves of the roof, singing lustily. The wind and cold were equally powerless to silence their song, for it came from within, a part of their nature. And, singing, they forgot the storm. Their song silenced the wind and shut out the cold.

"Nothing in existence is so important as attitudes! All the rewards and real disasters of life are by-products of our attitudes. If we extend the open hand to the world it will give us friendships. If we stick out our jaw and clench our fists, life becomes a succession of blows.

"We cannot be happy by trying to be. It is only as we try to be something else that we discover happiness has come as a by-product. Nor are we failures because of forces outside of us which are beyond control. We become failures only as we lose our mastery over our own attitudes.

"He who leaves at night a whipped individual is the same person who came out whipped in the morning. It is not the work, the equipment, the teacher, nor lack of time that defeats him, but his own attitude.

"For Freshmen, Sophomores, Juniors or Seniors—a liberal portion of that remarkable attitude, the will to do! How very many of the failures of the day would be eliminated!"

EDUCATIONAL AND VOCATIONAL GUIDANCE

"Educational Guidance is the aid furnished individuals in making such decisions as the choice of studies, the choice of curriculums and the choice of schools."

"Vocational Guidance is the giving of information, experience, and advice in regard to choosing an occupation, preparing for it, entering it, and making progress in it."

The whole aim of educational and vocational guidance is service to the individual, to the school, and to the community.

The high school principal, and those few teachers who had a genuine interest in the welfare of the pupils, offered the only educational guidance available in the schools of yesterday. Such a condition in a large high school necessarily meant that the great majority of the student body had to "sink, or swim."

This year we have attempted to meet this urgent pupil need in our own school. Mention might here be made to such matters as the achievement testing program, the new school handbook, the "department day" schedule for extra help, the individual conferences with pupils, or parents, regarding pupil progress or educational program, and the special library of college and university catalogues.

One educational guidance feature I wish to call to your special attention, namely the present "advisory plan." The entire student body has been apportioned among the faculty. Each faculty member acts as a counselor, guide or "advisor" to a small group of thirty pupils. The plan is to have the advisor work with the same group during its entire high school career. We hope that such a spirit of friendliness will develop, that the cooperative efforts of both pupils and faculty will prove most worthwhile. Definite Guidance is to be given in the choice of subjects; choice of majors and minors; choice of extra-curricular activities; analysis of educational and vocational opportunities ahead; checking of failures; and the timely advice in the delicate adjustment of strained teacher-pupil relationships. In short, the "advisor" is the counselor and friend of the pupil.

Vocational guidance on an organized basis, is at present limited to members of the Freshman class. A course "Occupations" gives to them a bird's-eye view of the occupational world, having for its chief purpose, enlightenment.

Student needs in other fields of guidance we hope to meet from time to time through these same advisory groups. These other needs which are daily growing in importance might be classified as health guidance, leisure-time guidance, ethical or moral guidance, social guidance, and leadership guidance. It is of course impossible to distinguish completely between these various forms of guidance, or to separate out one problem from another and to say that here moral guidance ends and civic or social guidance begins.

We have taken a step forward and let us hope that our progress will not be impeded.

HISTORY OF CLASS OF '33

Hearing a whirring of wings, the upperclassmen watched the descent of the H. S. "33" with its numerous adventurers, who were to spend four years exploring and acquiring bits of knowledge as they roamed through the halls and rooms of the high school. Little did they dream what the traditional green Frosh would do though they were limited to half a day.

Soon after landing, this group organized activities under the leadership of Ellsworth Lumley, admiral; Emil Beaulaurier, captain; June Briggs, mate; and Bob Clary, steward. When the big ship was moored, the freshmen initiated themselves into the school life with an enthusiasm and diligence that could not be outdone by the illustrious upperclassmen. The fish pond at the Booster Carnival went over with a bang. Only by one point did this class lose the inter-class basketball tournament.

The following year of 1930 and 1931 was a year of many changes. They took a short flight, landing at the new high school. A new admiral, Miss Louisa Sponheim, was introduced to the H. S. "33". The officers on this trip were Emil Beaulaurier, president; Albert Tracey, vice president; Fay Sederholm, secretary; and Margaret Stevenson, treasurer.

The crew of the H. S. "33" figured prominently in the Iniwa campaign this year, the salesmanship prize being awarded to Emil Beaulaurier for the second time. In athletics, several members of the crew contributed to its fame. Elmer Bofto and Ralph Fjelstad both made the first team in football and received their letters. First place in the class league was won by their basketball team. Many of the members were in the orchestra, held offices in clubs, and gained the limelight in school activities other than those here mentioned.

This year, as juniors, they launched forth again, continuing their flight under Dick Ritter, Bill Hall, Fay Sederholm, and John Southmayd. They showed the usual pep and spirit. They won the Iniwa campaign and have been very active in athletics. Many of them have received letters for their outstanding work on the gridiron. The girls won the inter-class basketball tournament.

The juniors also made a very successful solo flight when the junior play, "Nathan Hale," was given by members of the class under the direction of Mrs. Huhn. Others have participated in numerous activities, gaining fame for the class and school. They have begun something good and noble; they have a reputation for perseverance and originality. Let us now see them advance to the worthy position of seniors.

HISTORY OF CLASS OF '34

The class of '34 is proud of being the first class to go through the new million-dollar high school. Also we are proud of being the largest class ever to enter Great Falls High School. Our freshman class officers, Randall Tracey, president; Bob Pappin, vice-president; Don Larson, secretary; and Stanley Armstrong, treasurer, with the help of Miss Jeannette Garver, our class sponsor, led us through our first successful year.

In the Iniwa campaign of '30 and '31, several members of our class rated high in the number of subscriptions sold. The salesmen representing the class of '34 worked hard to attain leadership. Also many classmates showed their loyalty by buying Roundups.

The ever-progressing Sophomore Class met again for its second year in the new high school on September 8, 1931, with the ambition to push onward and upward, toward that one outstanding purpose, education.

Early in the year officers were elected. Randall Tracey again became president and Bob Pappin vice-president. Jennie Bovee was chosen secretary and Jane Bowman, treasurer. An executive committee to help the officers decide on complicated problems was chosen. Those on the committee were: Jack Bell, Will Baucus, Don Semingson, Gail Leach, Frances Hartman, Steve Willey, Jimmy Wocasek, Katherine DeForest, Jeannette Martindale, and Virgil Chamberlain.

In this, our second year of progress, we scored third in the Iniwa sales campaign as well as in the Roundup campaign.

The Sophomore assembly, given February 5, in which a number of Sophomores took part, was one of the popular assemblies of the year. The program was a clever play written by Bill McLean.

The Sophomore Hop of March 22, with its delightful decorations, arranged by Jeannette Martindale, and enjoyable music by Eddy Pierce's orchestra, proved a big success.

The selling of confetti was one of the booths in the Booster' Carnival, managed by the Sophomores. Our other booth, a menagerie, brought forth many laughs, as well as nickels, from the crowd that visited it.

We feel that not only have we made great progress ourselves during our first two years in Great Falls High School, but also that we have, through our loyalty, furthered the progress of the school. We hope that our school may be as proud of us as we are of it.

HISTORY OF CLASS OF '35

The Class of '35 entered Great Falls High School with the aim to accomplish many things. But as the officers and sponsor were not chosen until late in the second semester, they did not do as much as they had hoped.

Late in the year a meeting of the Freshman class was called, at which organization was completed. Mr. Don Williams, chosen as class sponsor, presided. Class officers elected were Bill Corcoran, President; Herbert Hansen, Vice-President; Marion Hibbard, Secretary; and Beth Armond, Treasurer.

Members of the Freshman class have shown their ability to cooperate with other members of Great Falls High School during their first year. They have stimulated competition in athletics and boosted club activities.

They have maintained an enviable record in sports. Included in this were victories over their rivals, the Junior High, in both football and basketball.

When the date of the Booster Carnival came around the Frosh had a chance to show their ability. Here the Freshmen were in charge of the traditional fish pond. The "Bowling-ball" was an added attraction, also managed by the class of '35.

The Freshmen have done their part in school work with an enthusiasm which will take them far in the next few years.

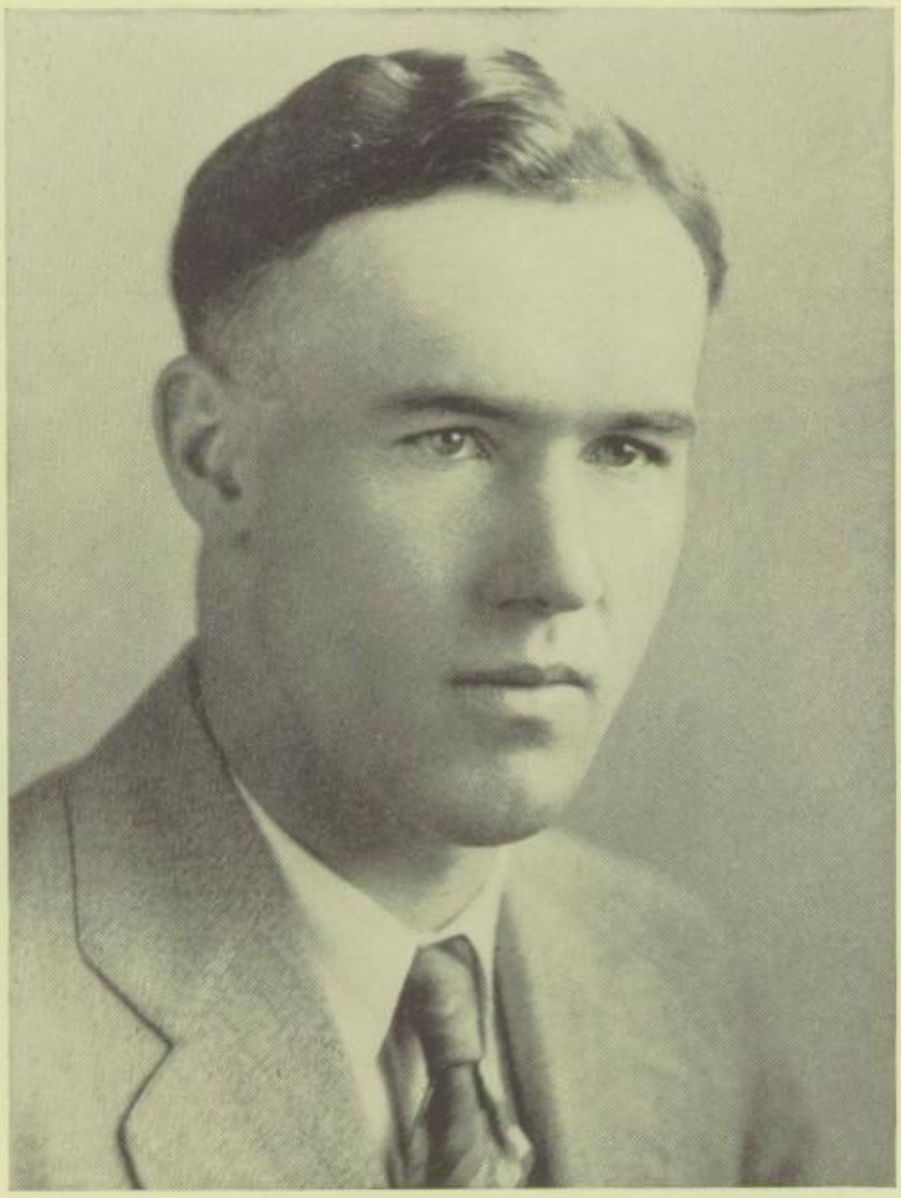
Thomas Lambert

Coach Jordan, you have just completed another most successful season with us. For three successive years you have turned out brilliant basketball and football teams that have gained state wide recognition. Thru your ability Great Falls has risen in athletics to immense proportions. Altho you have put out many victorious teams you have not placed victory above clean sportsmanship. Loyal supporters always know that they will see a "real" game when you send a team into action.

Thru your strategy, humor, and consideration for others you have won the respect and admiration of both the athletes and the student body. Thru your tireless energy you have also "made" athletes and have built up still higher the spirit of this school.

Your work here in Great Falls High School has placed you in an enviable position; outside competitors know your teams are to be feared. And for your loyal efforts here we thank you and hope you may remain with us to build higher the athletic standards of our school.



Coach Kain, Great Falls High is proud to list you as one of its athletic directors. Thru your cooperation and work you have put this High School's Physical Education on standards far above other schools. You have made gym work a pleasure . . . yet you instilled in those participating the best fundamentals of gym work. You have won also innumerable friends in the short time you have been here by your sincere friendship.

As an assistant Coach you have helped build teams, both football and basketball, that have triumphed on field and court. Your ability in these lines and your encouragement have helped many. An outstanding athlete yourself you have helped others to develop their talents in that direction.

Last year you developed a track team that did well in spite of the fact that there were no track lettermen to build the team around. We are hopeful that in another year you will bring forth a team that will bid fair to take state honors.

We sincerely hope that you will remain amongst us—not only as a physical director and coach—but as a friend.

NIGHT FOOTBALL

The Memorial Athletic Field is located west of the school building and overlooking the city. The Stadium is on the east side of the field, the other sides being enclosed by an iron picket fence. Beauty is added to the field by the green turf which was planted during the summer months.

Dedication of the Memorial Athletic Field took place on November 11, 1930. The field was dedicated "In memory of those members and former members of Great Falls high school who participated in the World War and offered their lives that we might live." The ceremony was conducted by the local American Legion Chapter.

The Stadium, field, and its athletic accessories which include a space for broad jump, pole vaulting, shot put, and a quarter mile cinder track, were installed at a cost of $90,000. Although a picket fence encloses this area, during the games a canvas wall is erected so that people may not look in from the outside. The stadium seats 4,200 people.

The huge electric lights were later installed and dedicated on September 26, 1931, at a cost of $4,000. They were dedicated the same night Great Falls met Havre, from which the Blue Bisons emerged victorious. The artificial lights proved highly successful and were used for most of the games. Each of the 48 reflectors contains a 1000-watt bulb and each light covers 100 feet of turf. They have an added advantage of not glaring; also games may be played in the cool of the evening, thus avoiding the hot sun.

Another feature of the football program was the broadcasting of the games. All important games were etherized through KFBB in Great Falls. Their microphone was located in the "crow's nest" on one of the light poles. In the Miles City game the public address apparatus was installed by the Booster Club, which added interest to an already interesting game.

All these facilities interested outside schools, and they travelled here to play their important games.

On September 8, the opening day of school, Coaches Jordan and Kain issued the call for football candidates. Approximately 145 boys turned out, the largest number yet witnessed by Great Falls High School. There were many good prospects and the coaches were hopeful. Practicing six days a week, the team was whipped into fair condition when the whistle blew for the first game of a most successful gridiron season.

BELT—BIG SANDY

The first game of the year on September 19 with Belt High resulted in a victory for Great Falls, 38 to 0, as did the following game with Big Sandy,

31 to 0. Coach Jordan used 55 men in the two frays and much good material was brought out. But the lineup of the team was by no means definite and lacked its later unity.

HAVRE

After another week of hard practice the Blue Bisons were ready for Havre. This was the first night football game to be played in Great Falls. The huge lights were an added attraction to an interesting, hard-fought game which ended 19 to 0 in favor of Great Falls. Thruout the game the visitors provided the Bisons with many interesting moments but failed to score against the strong Bison front.

WHITEFISH

On October 3 the Bisons took Whitefish to the tune of 21 to 12 under the electric lights. The Fishers started the scoring almost before the echo of the opening whistle had died down. But by playing good fast football Great Falls soon took the lead by scoring three more touchdowns. Whitefish had no defense against the locals' pass attack thus giving the Bisons a decided advantage.

BUTTE HIGH

On Columbus day the Bisons traveled to Butte to meet Butte High's purple squad. Great Falls allowed Butte only 6 points in the first half, which

were the result of a blocked punt. At the start of the second half, however, the Butte squad seemed to be inspired. And before the final gun they chalked up 46 points to the Bisons' 0.

CHINOOK

The next Friday, October 17, the Bisons easily overcame Chinook in Memorial Stadium. It was a much needed rest for the Bisons and afforded them a break in their heavy schedule. Substitutes were used freely in this game, giving most of the boys a chance to see some action. Great Falls triumphed 28 to 6.

BUTTE CENTRAL

Butte Central next invaded Great Falls to avenge the defeat suffered at the hands of the Bison Warriors last year but met a superior team and returned home on the short end of a 6 to 0 count. It was a close and well played game as the score shows, and the fans were in suspense thruout the game. Great Falls made the winning points in the second quarter following a thrilling 28 yard run.

County High. The many Great Falls supporters saw an exciting game between the two teams. The Bisons made their two touchdowns in the first and third quarters. Fergus had a wonderful pass attack that worked perfectly in the first half of the game, but which the Bisons controlled in the latter quarters. The final score was 13 to 6.

MILES CITY

The first half of the Miles City game was close. Both teams came near to the end zone but failed to tally until the third quarter when Miles City crossed the Bisons' goal. A short time later they again scored, making the score 14 to 0 against Great Falls.

HELENA

In a heavy snowstorm here the Bisons closed their 1931 football season, losing to a fast Helena team, which has for the past three years defeated Great Falls elevens. Both teams were evenly matched, but the Bengals from Helena capitalized on their chance to score, while the Bisons faltered on each of many occasions to cross the goal.

The past season has been very successful, the Bisons losing only three out of ten games played, these being to the teams contending for championship honors. Great Falls had a good all-around team with no exceptionally outstanding stars. Much good material remains, and it appears that the 1932 season may raise Great Falls to a higher football prestige than ever.

With only two lettermen to build a team around, Coach Jordan has done wonders in developing a Conference Championship aggregation. The situation was helped by the extremely large turnout. After several weeks of practice the squad was cut down until some idea could be gained of its future prowess.

Power and Dutton first fell before the Bison attack with the score 26-10 and 42-8 against them. The following evening, however, the Centerville Miners overcame the rangy Bisons and won a hot contest 24-20 but Great Falls came back strong the next evening and thoroughly trounced Harlem 35-18.

The Bisons started their Big 14 Conference schedule by taking Whitefish and Lewistown into camp with the score 34 against 15 and 19 respectively. Great Falls' first out of town game was with Helena. It was a thrilling contest from start to finish and the Bisons used their height to barely overcome the Bengals 18-17. The following week end Great Falls triumphed over Havre 20 to 15. From Havre the Bison quintet traveled to Chinook where they swamped the Sugar Beeters 42 to 16. The air tight defense of the Bisons was the sensation of the game.

Great Falls continued its winning streak by defeating Miles City 17 to 15 in the most thrilling game seen on the local court this year. The next night the Bisons also kept the fans on their feet when they downed Helena by the close score of 23-20.

The Bisons again trounced Chinook, this time on the local court, 29-15, and the following evening overcame Lewistown, at Lewistown, 27-23. For the last game on its Conference schedule, and the one which gave Great Falls its first Big 14 Championship, the Bisons conquered Havre 27 to 7.

On February 19 the tall Great Falls five entered, and were easily victorious, in the subdistrict meet held on the local court. With Centerville they entered the district meet also held here.

There were many exciting games staged during the district meet. Great Falls played three games, defeating Havre 32-14, Chinook 36-21, and Centerville 37-16. This gave them first place while Centerville took second by virtue of a 27-15 win over Chinook.

After two weeks of rest and practice the Bisons left for Bozeman to enter the State tournament. They were rated among the stronger teams and were conceded a chance to take the first place cup.

In the State tournament Great Falls started off with a bang by defeating Poplar 19-15. The following day they overcame Terry 33-24. Great Falls hopes for the State Championship, however, were completely smashed when they

bowed in defeat to a stronger Butte team 28-19. They still had a chance to take third place but were shoved into sixth when they lost by one point, 24 to 23, to a fighting Bearcreek quintet.

With the enviable record of 24 victories and 3 defeats Great Falls closes a mighty successful basketball season and with six of the first team lettermen remaining there is every hope that next year's five will surpass even this year's efforts.

BASKETBALL RESERVES 1932

As in the past years, due to the extremely large turnout, Coaches Jordan and Kain organized, before the regular season, two teams known as High School A and High School B to enter in the annual Y.M.C.A. Junior League Basketball Tournament.

The A team was composed of those who already had a letter in this sport and also those who would probably gain a berth on the regular squad in the coming season.

The B team was composed of the new boys who, thru the tournament, were able to gain experience, thus giving them a better chance for the varsity team in their junior and senior years. The members of this team were: Bartholome, Cameron, Corcoran, Larson, Pappin, Pope, Ritter, Reed, Rothweiler, Smith, Stewart, Thompson, and Willett.

Altho neither team won the tournament, the High School A took second place. The Bisons, however, always gave their opponents an exciting and close game.

The Y. M. C. A. schedule and the scores for the High School teams are as follows:

Y.M.C.A. Schedule

Nov. 25	High School B	17	DeMolay	24
	High School A	40	Junior Employed	11
Nov. 28	High School A	44	Yalomed	18
Dec. 2	High School A	39	High School B	9
Dec. 5	High School A	11	DeMolay	20
Dec. 9	High School B	32	Night Comrades	13
Dec. 12	High School B	24	Junior Employed	10
Dec. 16	High School A	30	Night Comrades	8
	High School B	22	Home Oil	28
Dec. 19	High School A	29	Home Oil	15

Following this the A team entered its regular Conference schedule. The reserve team then began to play their games with neighboring towns. The games and the scores are as follows:

Reserve	30	Simms	10
Reserve	28	Teton	13
Reserve	28	Simms	8
Reserve	27	Fort Benton	9
Reserve	26	Highwood	6

The Reserve team was then entered in an invitational meet held in Helena on February 4, 5, 6. The baby Bisons did not place, but nevertheless made a good showing against teams which were later entered in the State meet at Bozeman.

The reserve team this year was probably the strongest yet produced. Had they been able to play more games and enter the tournaments held here, they would have undoubtedly rated high. As it was, besides winning the above mentioned games, they gave the first squad that valuable practice which enabled them to win their games so consistently. A great deal of credit should go to those boys who made up the Reserve team.

INTRAMURAL BASKETBALL 1932

In order to give more boys a chance to engage in athletics, a League was instituted by the Coaches known as the Fruit League. Approximately 150 boys were engaged in this League, which proved very successful. Games were played in the afternoon and were very interesting to the few who attended them.

WRESTLING 1932

Wrestling was introduced as an interscholastic sport this year for the first time in the history of Great Falls High School. Under Coach Paulson wrestling made good headway and will in all probability become a very popular sport. Those on the wrestling team were: Robert Brovan, Oliver McCain, Walter Westman, Kenneth Shaw, Bernard Preputin, Richard Zipperian, Vernon Yaklich.

The activities this year were confined to two meets, both of which were with Conrad High. The first meet was held here and resulted in a win for Conrad. They won four out of seven fights. The local boys gave an excellent account of themselves, however, for their first appearance. The next evening the Bison aggregation traveled to Conrad for a return bout where they again lost, Conrad taking five out of the seven falls.

TRACK 1931

After an interval of a year Great Falls again took up Track under the able coaching of Sam Kain. There were no Lettermen in this sport, and an entirely new team had to be built.

Those on the track team were:

William Bergquist
Harry Briggs
John Dalich
Charles Gies
Jack McGregor
Owen Murphy
Jack Preston
Norris Quam
Lee Rothweiler
Mervin Schaeffer
Monty Smith
James Snell
Bob Speck
Lloyd Woodahl

Jack Preston was the only man to earn a letter.

Bill Zadick, with Clyde Bittner as assistant, kept the track and field in excellent condition throughout the Track season.

The First Annual Great Falls Relay Carnival was held and a number of neighboring schools sent representatives. Those schools which entered the local meet were: Augusta, Belt, Chinook, Choteau, Conrad, Fort Benton, Lewistown, Malta, Simms and Stockett-Sand Coulee. Great Falls took first place by winning the following entries: 100 yard dash by Jack Preston, pole vault by Lloyd Woodahl, discus by John Dalich, 2 mile relay, mile relay, ½ mile relay. Due to lack of facilities no high jump, broad jump, shot put, or hurdles were on the program. The Relay Carnival brought favorable results and will be continued in years to come.

The Bisons, after winning the local meet, sent representatives to participate in the State Meet at Missoula. At this meet Jack Preston took 3rd in the 100 and 220 yard dashes. The relay team, composed of Jack Preston, Charles Gies, Mervin Schaeffer, Monty Smith, took 3rd place in this event, giving Great Falls a total of 6 points which earned them 12th place.

Due to the absence of a field to accommodate track activities while in the old building, this sport had not been stressed, but now that there is every opportunity for track work, Great Falls High will advance in this line of sports as it has in football and basketball.

INTRAMURAL BASEBALL 1932

Due to the general feeling that baseball should not be omitted from the High School athletics, a league was organized within the school. This gave boys who were not interested in other sports a chance to participate in athletics. A number of clubs sponsored teams and much interest was shown in this new activity.

GIRLS' SPORTS

Miss Ruth Nickey

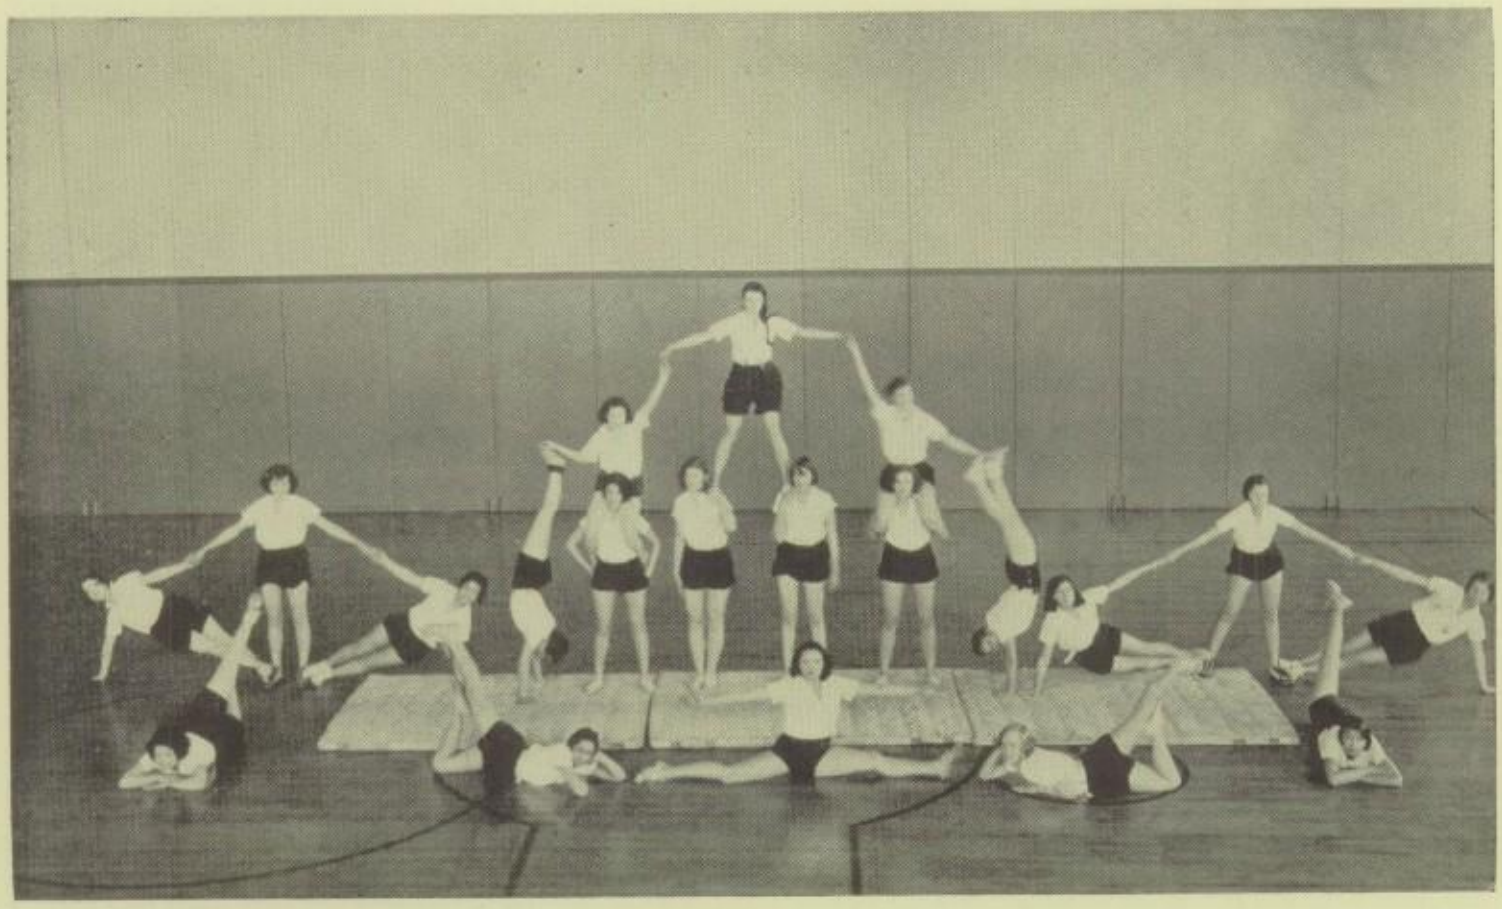
On May 21 of last year the department held a physical education exhibition which gave the public a comprehensive idea of what the girls are accomplishing in their gymnastic work. Ten numbers were presented under the supervision of Miss Ruth Nickey and Miss Isadora Huff. They included marching, exercises to music, several clog dances—Sleigh Bells, Waltz Clog, Physical Education Clog, Swanee, and Cornfield—two games—Human Croquet and Old Clothes Relay—tumbling, apparatus work, Georgian male quartet, an exciting basketball game with four-minute quarters, serve-us ball, and in conclusion, clog dances in costume—Reuben Clog and Dutch Clog. Music was furnished by the High School Pep Band and Miss Geneva Boynton, pianist. Sufficient money was earned to purchase archery equipment.

The exhibition this year was held May 12 in the High School Gymnasium. It was planned on a competitive basis with members of the Freshman, Sophomore, and Junior classes working for first, second, and third places. Three years of physical education are required for graduation at the present time. There were seven hundred girls taking part. The program consisted of eight events, the first of which were competitive. A team of sixty-four girls was chosen from each class for the opening number—Marching and Mimetric Olympic Drill. In Archery a team of three girls from each class participated. The Wand Drill afforded competition for a team of thirty from each class. Class teams of 21 girls in Archery and 38 girls in Folk Dancing closed the competition. Games and relays, tumbling and figure building were presented non-competitively.

Through the guidance committee of the Kiwanis club, a polished copper plaque is being offered to the class receiving the highest number of points earned in all-around ability. This plaque will be a competition trophy each year. The design is a composite work by high school members taking advanced art. The judges will be Mrs. W. M. Walterskirchen, Miss Stella Meyers, Superintendent I. W. Smith, Mr. Hugh E. Johnson, and Mr. E. N. Tisdale.

Money from the exhibition will be used to pay expense and the surplus will go into the gymnasium fund to be used for the girls when the department is reorganized.

TUMBLING

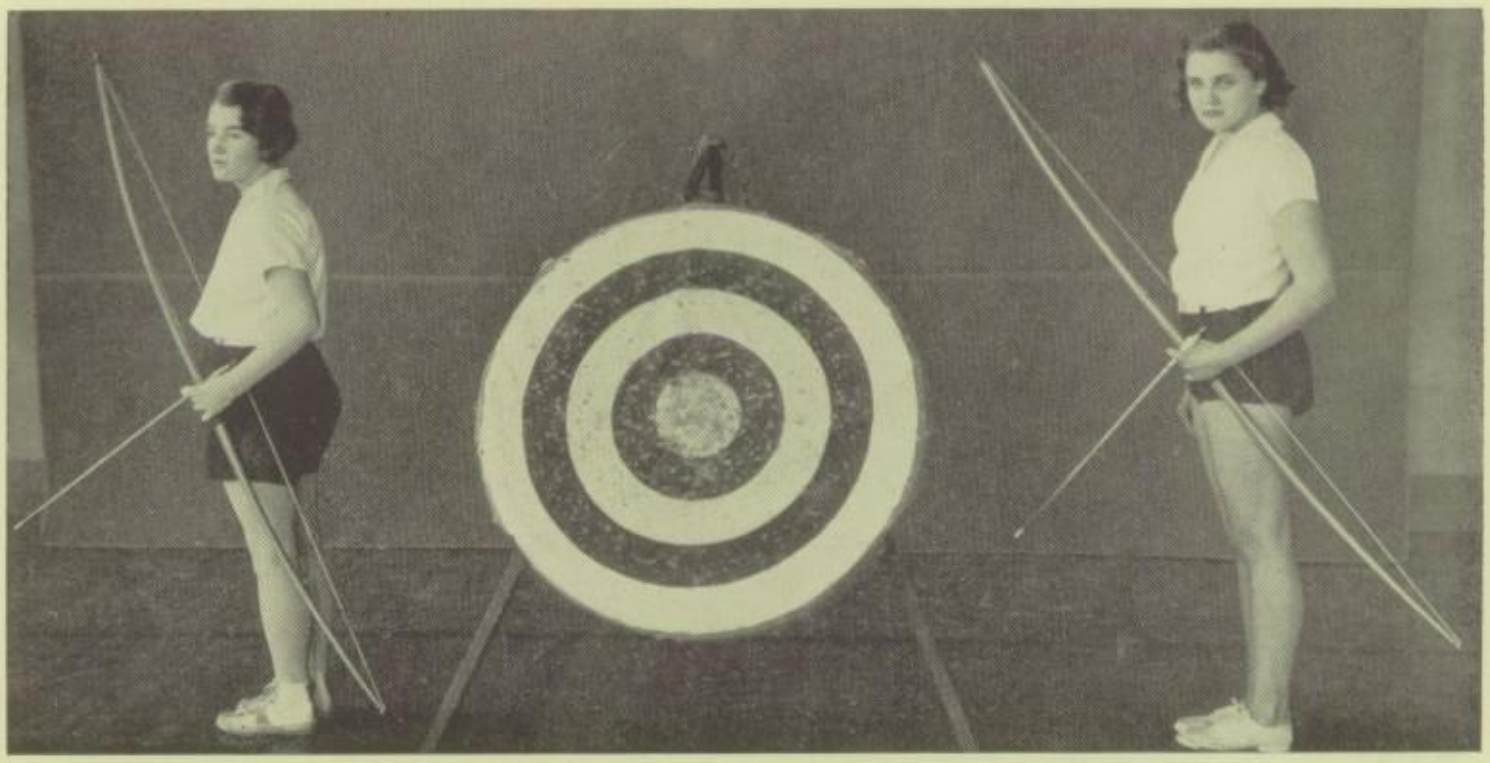


Tumbling requires very little apparatus and it attracts many because of the variety of movements possible. It furnishes material for the individual stunt performer, for organized class programs, and for exhibitions. True, all tumblers can't be proficient in all exercises—but each shows some special ability and her interest naturally follows particular exercises.

Tumbling not only interests youngsters but is enjoyed by adults as well. Evidence of this is seen on the bathing-beach, the lawns, gymnasiums, any place where all ages will attempt such stunts as cartwheels, head and hand stands. It encourages an all-around development of the body, bringing out suppleness rather than strength. Many of the exercises used in tumbling have an indirect corrective value. Psychologically, tumbling is invaluable to the pupil. Its accomplishments appeal to every active girl and develop courage, initiative, perseverance, and self-respect. Originality is expressed through tumbling, as the possibility of making up new exercises is limited only by the tumbler's own inventiveness.

About twenty-five girls come out for practice consistently, and several programs have been presented: "Romping Rompers" for the Farmers Convention at the Masonic Temple, several stunts at the Gymnasium Exhibition, "Symphony in Blue and White" at the Spotlight Review, moving pictures of which were taken by Br. Birch for the Booster Carnival.

ARCHERY

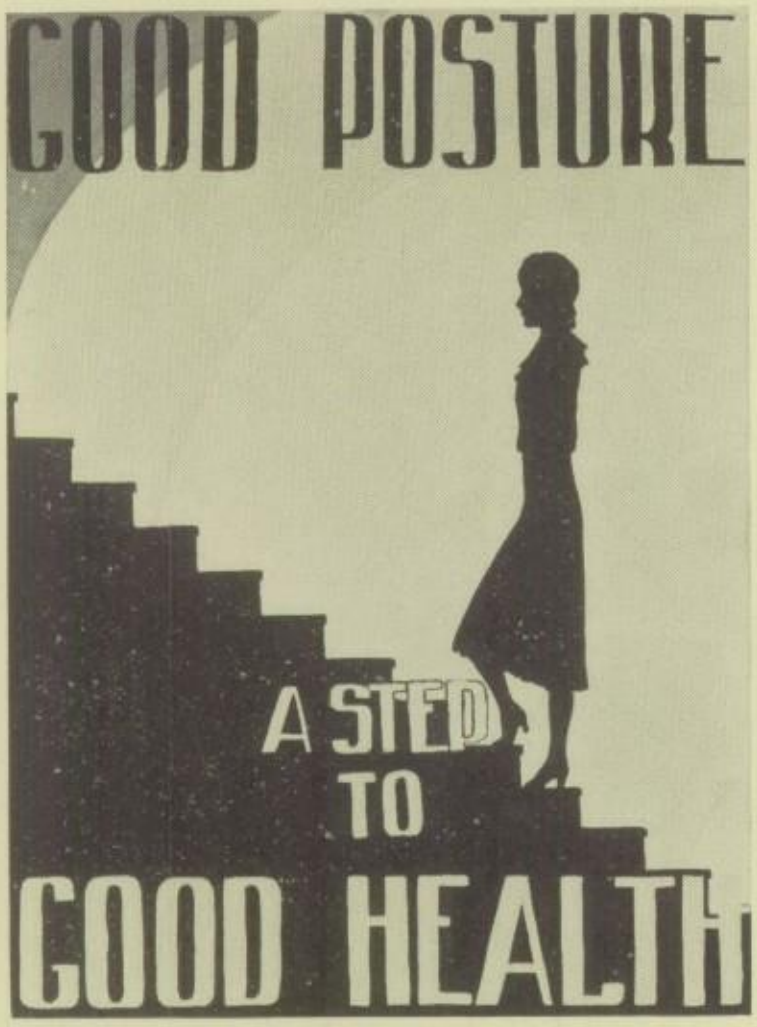


Archery was introduced into Great Falls High School this year. Equipment for this sport was provided with funds secured from the Girls' Gymnasium Exhibition given on May twenty-first of last year. There is equipment for both indoor and outdoor shooting. Five and a half-foot lemonwood bows are used and when shooting indoors, a large, heavy, felt curtain serves as back stop.

For the first eight-week period only twenty-four girls were allowed to enroll, but the second eight-week period there were five classes with a total enrollment of sixty. Beginners are first instructed concerning the correct standing position, the proper method of stringing the bow and notching the arrow. They learn to aim carefully and to loose the arrow. During the second lesson they begin to shoot.

Three girls from each of the lower classes, which are required to take gym., will represent the Archery Department in the Exhibition. Representatives of the freshman class are: Kathleen Thompson, Edna Sutton, and Nora Scharrer; of the sophomores, Julianne Preston, Jessie McFarland, and Mary Busch; of the juniors, Georgia Kirby, Grace Barney, and Bertha Angster. The points made by each girl in a class group will be added to those of her fellow-classmember, and the high-score group wins five points toward gaining first place for its class. Each shoots five arrows or a round. A bull's eye, or the gold, equals nine points; the red equals seven points, the blue, five points; the black, three points, and the white, one point.

Several girls have become very proficient in shooting. Great interest has been roused by keeping individual and class scores, comparing them, and competing for high place.



In gymnastics the character of the muscular action and the mechanical conditions of habitual relaxed posture are, as far as possible, reversed. The exercises are chosen with a view to give the pupils an ideal of good posture. Through years of research and study, health and medical authorities have discovered that good posture is necessary for correct functioning of the organs of the body. The origin of many ills can be traced to poor posture. Besides being an asset to physical health, mental health is also closely related to posture.

Good appearance, which is lacking if posture is poor, has much to do with success in the business and social world.

A Posture Week in Great Falls High School was held this year as one means of stimulating interest in posture and to transmit the knowledge of its importance.

Posters illustrating ideas on the subject were made by all girls in gymnasium classes. A posture slogan, made of the letters P-E-P, was required of each girl also. The poster results in the freshman class were: first, Mary Gail Blackford; second, Frances Thorndike; third, Hazel Hess; among the sophomores: first, Evelyn Conway; second, Nina Kielsing; third, Alberta Jacobsen; first in the junior group, Adaline Remus; second, Eleanor Lux; third, Maxine Mayland. Hazel Stone won first place, Vonita Leeper second, and Lois Goodwin third in the senior class. Winners from the swimming class were: first, Dorothy Jones, sophomore; second, Earlene Burgett, freshman; third, Arleen Johnson, sophomore. Mary Gail Blackford was awarded first place for her slogan, "Posture Expresses Purpose." Suzanne Dallenback ranked second with "Posture Expresses Perseverance," Phyllis Leith third with "Posture Earns Praise," and Irene Osterman fourth with "Paris Endorses Posture." The judges for the poster contest were: Miss Gillette and Miss Isadore Huff. Miss Braddock, Miss Carman, Miss Kimball, Mr. Tisdale and Mr. Jahr were judges for the posture slogan contest.

Moving picture slides on "Posture Hints" were ordered from the Child Welfare Association in Helena. Through these mediums considerable interest in posture was aroused and undoubtedly some educational benefits were derived.

ACTIVITIES

MUSIC

Miss Ruth Bishop
Director

The Music Department of the Great Falls High School, under the direction of Miss Ruth Bishop, offers the following courses at the present time: Harmony I, A Cappella Chorus, Music Appreciation I and II, Girls' Glee Club, Boys' Glee Club, Mixed Chorus, Band and Orchestra. There are seventy-five members enrolled in the orchestra, thirty in the Boys' Glee Club, sixty in Girls' Glee Club, and fifty in A Cappella Chorus. The band numbers fifty, with Mr. Charles A. Richards as director. It is possible for a student to major in Music.

A light opera, "The Firefly," by Rudolph Friml, was presented at the High School Auditorium January twenty-second and twenty-third by hundred and seventy-five members of the Glee Club and orchestra. This proved to be a success in every way. The orchestra has given two Sunday afternoon Concerts, February fourteen and April twenty-fourth. The A Cappella Chorus sang at the first of these and the band and Mixed Glee Club appeared on the latter. The band gave a public concert on March fourth. Many smaller combinations from both vocal and instrumental organizations have appeared at clubs, assemblies, and various programs.

America turns to the public school to instill the love and appreciation of music into the hearts of its children. Group singing and group playing are the principal means through which we may hope to make ours a music loving people. The aim of our Music Department is to develop a real appreciation of good music, whether students are to be listeners or performers. Music is a worthy way to fill leisure hours and in some cases the training received may mark the beginning of a musical career.

THE FIREFLY

For the second time in the history of the new High School a three act comedy-opera was presented by the music and dramatic departments. On January twenty-second and twenty-third the auditorium was filled to capacity with people who witnessed "The Firefly," a musical comedy, unsurpassed by any high school presentation. As most of the leads were taken by seniors, the class is particularly proud of having had the ability to put on a performance long to be remembered by under-classmen.

With the excellent dramatic instruction and the efficient orchestra, the comedy was a huge success. We, as the student body, are proud of the fact that our school has the talent and courage to undertake such a tremendous work.

Due to the well equipped lighting system, all scenes were particularly impressive and beautiful.

The success of "The Firefly" is due to the splendid work of Miss Rees, who had charge of the Dramatic end, and Miss Bishop, who directed the Orchestra accompaniment. A great deal of praise must also be given to the following faculty members and students who cooperated faithfully with the cast and directors: Misses Ruth Nickey and Mary Kimball, who arranged the dancing; Miss Edna Garner, accompanist; Mr. Ernest Bergren, technician; Arthur Newman, stage manager; Edgar Schenk, scenic artist; Isadore Coleman, electrician; John Keever, advertising manager; Bessie Fagenstrom, costuming; Miss Donna Henry, Miss Agnes Bergeson and Bud Ritter; and also Miss Lampman, who had charge of the poster work.

DRAMATICS

Miss Florence Rees

Mrs. Vivian Huhn

Early in the history of the high school declamations, oratoricals, and amateur theatricals won for themselves a place in the hearts of the people of the community. A reputation was founded, and has since been maintained, that plays of spendid directing and acting were produced by the dramatics department; and prize-winning declamation teams were sent as representatives of the school. With the growth of the school as a whole, a corresponding growth of the dramatics department has been evidenced; and this year, due to the increase of interest in public-speaking, two directors have been kept constantly on the alert. Although the personalities of these two women are very dissimilar, both aim to the same end: that of producing finer plays; of training more acute speakers; and of leading students to appreciate the more beautiful and the nobler things of life.

Three plays, typical of the kind produced by the school, were presented this year, all of which showed unusual ability both on the part of the players and the directors. Aside from these major productions, each week a program was offered for the entertainment of the school. These weekly vaudevilles have enabled many more students to participate in dramatics than would otherwise have been possible, and have developed the latent abilities of acting within them.

The play presented by the Bird Club will always stand out as one of the finest short plays ever given in the school. Coached jointly by Mrs. Huhn and Mr. Lumley, the sponsor of that club, it showed very marked cleverness, both in directing and in acting, and was carried out in an oriental theme. Another of the more important weekly plays was "The Maker of Dreams," a fantasy featuring Pierrot and Pierrette, presented by Miss Rees.

Without the assistance contributed by the high school orchestra, band, and the Tormentors Club, the dramatics department would not have been able to produce the type of play worthy of the school.

Dramatics has been very popular in the past; it is hoped that it will continue to be a source of great pleasure and development in the future.

THE ROAD TO YESTERDAY

As a fitting climax to their dramatic activities, the Senior Class presented "The Road to Yesterday" on April 22 and 23. The play, a four-act comedy by Dix and Southerland, had an unusual theme based upon the theory of reincarnation. Miss Rees directed the production, while the Tormentors handled both staging and ushering.

THE INIWA

THE INIWA, formerly the Hi-Life, is a Blackfoot Indian expression meaning THE BISON, representing the emblem of insignia of Great Falls high school. The original paper was established February 14, 1921; and the Iniwa appeared February 20, 1931. It is published every Friday of the school year by the journalism classes.

Subscription rates are five cents a copy, fifty cents a semester, and one dollar per year.

The Iniwa, Great Falls high school's weekly newspaper, is published under the auspices of the Journalism students with the supervision of Miss Betty Carman.

The chief aims of the Iniwa are: to publish accurate reports on all high school activities, to help make as well as express student opinion, to unify the students and stimulate school spirit and fair play, to encourage and develop writing ability, and to offer opportunity for pleasant interscholastic relations.

During its eleven years of existence the publication has made many improvements. Miss Carman and the staff of '32 have done their bit toward improving the publication.

This year the Iniwa entered in four Press contests: The National Scholastic Press Association, The Columbia Scholastic Press Association, The Whitman College Press Contest and the Montana Editorial Association. Early reports from the Columbia contest show the Iniwa placed second class rating compared to fourth class rating last year.

A number of years ago a weekly newspaper appeared by the name of "The Roundup." It contained every-day news and items of interest pertaining to general affairs of the school. But as the school grew and increased in size and strength, the little paper also grew and was transformed into an annual publication which steadily has expanded and now is considered one of the finest high school books in the northwest.

Each year The Roundup is entered in one or more Press contests and has received notable recognition.

At the Eleventh Annual Convention of the Northern Interscholastic Editorial Association held at the University of North Dakota on October 29, 30 and 31, fifty-seven publications were entered in the various contests and 25 high schools were represented. The sweepstakes cup was awarded to The Roundup for the best all-around publication.

In former years The Roundup also rated high in state contests, but for the past two years the Montana Interscholastic Editorial Association has discontinued its contest for year books.

According to custom the staff is composed for the most part of Seniors, supplemented by a few Juniors, all of whom are willing to contribute their time and effort to compiling the book.

Roundup Day is an annual tradition, and its varied programs, consisting of plays, square-dances, and cowboy songs, brings back the spirit of the Old West.

The Roundup staff sincerely hopes that the readers will receive this little history of the accomplishments and achievements of the present year as a true chronicle, sincerely presented for their approval. And we, the class of '32, offer this book with the hope that the years we have spent here might be remembered in the future.

The linoleum block cuts in this number of the Roundup are from original designs by the Commercial Art Class. The ten best designs were selected and cut by the Roundup Art Board. Mr. Savage had the linoleum mounted, and Mr. Paulson made the offsets for the various colors.

The prints and the names of the students who designed them are below.

The Senate Debating Society, the oldest and one of the most active organizations of the school, has for its aim the development of the art of self-expression.

Believing that the success of any club is dependent upon the interest held for it by its members, every effort is made to make the weekly meetings snappy and up-to-date. Four-man debates on current questions and individual discussions on present-day problems and achievements comprise the general content of each program. However, variety may be introduced by an occasional jargon or parliamentary drill. Robert's Rules of Order are strictly followed throughout all meetings, and business and programs are conducted in formal manner.

The sponsor acts as critic, and holds a final veto over all measures passed by the organization.

The Forum Debating Club for girls was established in 1920, under the sponsorship of Miss Mayme Murchie. Its purpose is to give the members practice in debate and to familiarize them with the events of the day. The membership, which is limited to thirty, is composed of students maintaining a "C" average in their studies. A person desiring membership must deliver a three minute prepared talk and be accepted by a two-thirds vote of those present.

Traditions of the club are an initiation tea and a debate with The Senate, the boys' debating society.

Miss Helen McLaren is sponsor of the club.

The Music Club, since its formation, has been one of the great factors in uplifting the tastes of the students in general in regard to music. The programs consist of various types of instrumental and vocal selections as well as current topics of the musical world. An interest and a desire for the finer types of music are created. To afford an opportunity to increase the growth of the students along the lines of culture and refinement is doing a worthy service and certainly makes it a club worthy of the highest praise.

The aim of the Alpha division of the Home Economics Club is to develop in its members a spirit of happy, healthful girlhood, of contented home life, and of ever-advancing communities. We hope by our service to make our department better, and to serve our homes as well as our community. We expect to develop leadership, to broaden our knowledge of home economics, and to learn to be gracious and charming.

This year fine needlework is the central theme of our club programs. In addition there are music, readings, and dances. We enjoy our parties and are delighted to have guests.

To interested students, the Art Club gives opportunity to pursue certain lines of work not provided for in regular art classes. Members are divided into groups, each group being directed by an advanced student. Following are the names of group leaders, with their particular subjects: Berger Fagenstrom, Life Drawings; Edgar Schenck, Modeling; Evelyn Parker, Pencil Sketching; Cregor Fagenstrom, Cartooning; and Jim Logan, Water Colors. The club is a service organization for the department. Some of the special activities this year were the sale of block print Christmas cards, sponsoring an exhibition from the art department of Montana State College, furnishing materials for Alice in Wonderland masks, giving the Department a subscription to "Design," and presenting an exhibition of club members' work.

According to the constitution of the National Honor Society, its purposes are "to create enthusiasm for scholarship, to stimulate a desire to render service, to promote leadership and to develop character in the students of American Secondary Schools."

Nine members of the class of '32 were elected to the Honor Society by the faculty at the close of their junior year. The national rules permit the selection of five per cent of the class at the close of their junior year. An additional fifteen per cent may be chosen during the last semester of the senior year. Honor Society members must rank in the upper one third of their class in scholarship. Their selection also depends upon superiority in character, service, and leadership.

Frequent meetings of the Honor Society have been difficult because of the many activities of members. The local chapter has investigated the traditions and requirements of universities in which members were interested and discussed intellectual problems of college freshmen.

Supplementing the funds of the treasury of the Athletic Association of the High School is the ultimate aim of the Booster Club. All activities of the group are directed towards this one goal. During the football season, hot-dogs are sold by the girls of the club, who mingle with the crowd or dispense them from the dog-house. One purely social function sponsored by this group every year is the Christmas tree celebration, held the last day before the holidays. On the tree are appropriate and humorous gifts for prominent members of the school and faculty. A good proportion of money is earned each spring as a result of the club's annual carnival.

The purpose of the Business Club is to so benefit its members that they may have a broader knowledge of business. Regular meetings are held twice a month, and each member contributes some activity to the welfare of the club.

An assembly, featuring the appropriate play, "Diogenes Looks for a Secretary," was among the many activities of the club the past year. Also the Business and Bookkeeping Clubs combined sponsored a school-wide candy drive for the Junior Red Cross. Last, but not least, the club presented to the school the beautiful picture, "Crest of the Sierras."

The G. A. C., Girls' Athletic Club, whose purpose is to further the development of physical education and to arouse interest in that work, started the new year by initiating fifteen new members, at a splash party in the Y. M. C. A. pool. In order to enter the club a student must have one hundred and fifty points earned in girls' athletics, and if desirous of earning an emblem she must earn twelve hundred points. The G. A. C. assembly—April 19th—presented several attractive poses of living statuary. The girls wore Grecian costumes and white wigs, and the program was very effective. Since the point system was adopted about 40 girls have earned membership and several have received their emblems.

This club aims to develop better home-making, school spirit, and the personal characteristics of its members. Qualities such as leadership, initiative, poise, charm, personality, and cleanliness are especially stressed; also, the ability to dress well and the ability to prepare and serve foods.

These ideals are attained through the organization's programs, consisting of talks, readings, music, dancing, and plays presented in interesting fashion by various members.

The Bird Club was organized in November, 1929, with the purpose of fostering an interest in Montana Bird Life. From its beginning it has been active in school life and in bird life of the community, state, and country. In 1930 the club was affiliated with the National Audubon Bird Society, and has received national recognition in the association's magazine, "Bird-Lore."

This year El Circulo Espanol has divided its membership into two groups holding occasional joint meetings. The aim of the organization is to learn more about Spanish people as well as to provide additional opportunity for speaking the language.

The programs are varied. Spanish songs are sung, Spanish games played, and reports given on various phases of Spanish life and customs. Frequently short Spanish plays are presented, and usually some member of the club gives a talk in Spanish.

The Latin Club, organized in the Old Central High, was divided into three sections this year, on account of its size. One division, Seniors and Juniors, made the "Study of the Stars" its objective; the Second, Sophomores, based its programs on Paxton's Handbook of Latin Clubs; the third, Freshmen, presented short Latin Plays, and took up the "Everyday Life of the Romans," with a view of gaining some understanding of the people whose language was being introduced.

This organization aims to create and maintain an interest in the problems of Biology. It has as its goal the desire to create in the school and the home a new outlook toward biology.

Students in the Biology Club have an open field from which to work, as science is ever old and ever new. They may choose the phase of research that most appeals to them and probe deeper into it. Twice a year the members give a report to the club taken from their study. These reports make the meetings both educational and very interesting.

The Aeronautics Club is an organization for the furtherance of interest in aeronautical science, formed by students who have indicated a desire to learn more of this worth while study. Ideas are exchanged, discussions are held, and contests are conducted at meetings held twice a month throughout the school year. A feature this year has been the showing of films concerning different phases of aviation. Members make model planes of different types, which are entered in inter-club and inter-school contests. The club is doing its part in promoting the advancement of a science which is advancing with our age.

The Gamma division of the Home Economics Club was organized in October, 1930, due to the overcrowded Alpha and Beta divisions. Under the sponsorship of Miss Mary Kimball, the club, with the other two divisions, has annually given a Co-ed Prom, one of the outstandinng High School dances of the past two years.

During the current year Gamma has chosen the study of historical costumes as a program theme. Ten dolls have been dressed in representative period costumes, one doll being presented at each meeting. The club plans to exhibit these dolls at the Fair. The collection is to become a permanent part of the Home Economics Department for use in studying costume.

The Mathematics Club was organized in 1930 for the freshman students of mathematics. The purpose of the organization is to create a greater interest in and understanding of mathematics than is possible in regular class work.

Members of the club are studying commercial arithmetic or elementary algebra, and are required to be making a passing mark when applying for membership. Each member must appear on a regular program at least once each semester to receive credit of one point.

The Hi-Y Club limits its membership to forty boys from the junior and senior classes.

The purpose of the club is to create, maintain, and extend the high standards of Christian character throughout the school and the community.

Meetings are held at the Y. M. C. A. every Friday evening. During the second semester each meeting was preceded by a dinner which aided greatly in getting members better acquainted. A history of world religions, and an analysis of present social problems, have, on alternate meetings, been presented by Dr. Dierberger, our discussion leader, for the present school year.

Two new activities have been added to the program of the club; cleaning the stadium, and operating the "lost and found" department at the school. The stands in the stadium have been swept before each football game by the club members. The "lost and found" department is now housed in the ticket booth in front of the auditorium and club members are in charge before school in the morning, during the entire lunch period, and at the close of school each day.

Any large group must act in an organized manner, otherwise it becomes a mob. Such is the case in the matter of filing between classes. A system of filing thought to be the most efficient for the student body as a group is now in effect.

The traffic squad is a group of upperclassmen whose duty is to assist the rest of the student body in filing between classes in an orderly and business-like manner.

The squad is not a dictatorial group and does not attempt to assume control of traffic. The actual control rests with the individual thought and attention given by each member of the student body. We hope that the squad is a definite pupil aid.

Advancing athletics and providing for athletes' recreation other than sports are the aims of the Letterman's Club.

To become a member, a boy must have earned at least one varsity letter in one of the three major sports—football, basketball, or track.

This year the club was reorganized with a view toward making it more active than in the past. Festivities began with a Varsity Sport Hop during the Christmas holidays. A short time later a banquet was given for the members of the football squad. After much hard practice, the Letterman's Minstrel Show was very successfully presented February 13th in the High School auditorium. A basketball banquet and a second school dance topped off the year's activities.

The Thespians were organized at the beginning of the year to promote the interest of students in dramatics.

Regular tryouts for membership brought hitherto undiscovered talent within range for assemblies and programs. The first play, "The Maker of Dreams," was given in December.

The first "Spot Lite Review" was very successfully presented in February. A chapter of the National Thespians has also been formed, recognizing the work of pupils taking major roles in High School productions.

The local chapter of National Thespians, an honorary dramatic group, was organized during the spring semester of 1932, for the purpose of furnishing a suitable reward for participation in dramatics, as well as acquainting its members with the best type of dramatic work. Through the influence of this group, plays may be secured for the high school at reduced royalties.

In order to be eligible, a student must have acted with merit a major role in one long play or minor role in three short plays, or have been officially connected with the high school stage. He must have also met the requirements for admission as set down by the national rules.

DID YOU KNOW THAT?

Inspiring reproductions of pictures by famous artists adorn our walls and furnish a colorful aspect to school life. The Star and Crescent Fund aided in buying of most of these.

The Home Economics Division contains a completely furnished apartment used for laboratory work.

Each girl taking gym has the advantages of a separate shower and dressing room.

The electric clock in the main office automatically regulates and controls all the signals and clocks throughout the entire building.

One of the activities of the Booster Club is the selling of hot dogs and coffee at all football games.

Night football was introduced in Great Falls, October 6, 1931, when the locals defeated Havre in the new stadium.

There are now forty clubs and organizations to which students may belong.

The Traffic Squad is an organization of masculine students which enforces the traffic laws in the halls. Mr. E. N. Tisdale is their executive.

The school's cafeteria is located under the auditorium; besides serving wholesome food at a very reasonable price, it serves as a room where students, who bring their lunches, may eat.

The high school auditorium contains 1,776 seats and has the most complete equipment of any school auditorium in Montana.

In two years the high school library has grown from 800 volumes to 4,000 volumes.

The senior class this year is the largest class ever graduating from Great Falls High School, there being over three hundred.

New features at this year's Booster Carnival were: Characters from "Alice in Wonderland" lent their presence among the throng. Many students were able to see themselves in a moving picture.

G. F. H. S. LIBRARY

TOP ROW (Left to Right): Betty Peters, Claudia Rooks, La Rue Samuelson, Vernice Baker, Ruth Speer, Evelyn Rude.
BOTTOM ROW (Left to Right): Julia Goodman, Miss McCulloh, sponsor; Maurice Weissman, Jane Sanders.

It has been said that "Good books are guide posts on the road to happiness and knowledge." Our student body apparently affirms this statement for the circulation of the school library has increased 272% over that of last year.

A fund in memory of Mary E. Stone, a former English teacher in the Great Falls High School, was organized for the purpose of purchasing English classics illustrated by prominent artists. This collection, at the present time, consists of forty-seven volumes.

A limited number of students are given the opportunity of learning the fundamentals of library work. Student assistants for this year are Claudia Rooks, Evelyn Rude, Julia Goodman. La Rue Samuelson, Betty Peters, Vernice Baker, Ruth Cobban, Ruth Speer, Winifred Fredrickson, and Maurice Weissman.

SENATE-FORUM DEBATE

Lillian Epstein, Miss McLaren, Margaret Holmes, George Ommundson, Mr. Bailey, Raymond Stocker
Gail Leach Russell McCollum

It has been the custom in each school year for the Forum and Senate to meet in an annual debate. The debate this year was held March 11. The question for debate was: "Resolved, that the present chain store system has proven detrimental to the best interests of the United States."

A close decision was awarded to the Forum.

OFFICE DUTY GROUP

TOP ROW (Left to Right): Christina Van Duzee, Marjorie Sheehan, Kelton Garrison, Charles McCharles, Dick Ritter, Geraldine Steller, Evelyn Fish.
BOTTOM ROW (Left ot Right): Edna Cottrell, Mrs. Bergren, Miss Reiding, Thelma Wiprud.

The Office Duty Group consists of boys and girls of the junior and senior class. Their duties are outlined in the office for the earning of points toward graduation, and at the same time offer considerable opportunity to pupils in the way of office training and routine.

LAST WILL AND TESTAMENT

Last Will and Testament of the Senior Class of the year of our Lord 1932 of the Great Falls High School, City of Great Falls, State of Montana.

We, the Senior Class of 1932, at the ripe old age of four years, and being in sound mind and memory (in spite of the depression) do hereby make, publish, and declare this our Last Will and Testament; that is to say:

For the Janitors we have stuffed each desk full of pieces of paper and may they have an enjoyable summer taking it out.

To Mr. Gallagher and the rest of the office force we will nothing but pleasant memories of ourselves.

Oliver Haney bequeaths his sex-appeal to Russell Hubbard, and his charming voice to Parnell Buscher. Mabelle Willcomb wills her dancing ability to Vida Garrett. Helen Armstrong leaves her superior, sophisticated airs to Emeline Barton and her roller skates to Margaret Reynolds. Chuck Wells leaves his hairy lip to Al Cowe. Milton Bilsland and Kenny Wiseman give their big drag with Miss Rees to Marjorie Hartman and Ruth Cooley. (Take good care of it, girls: the boys did.) Bill Sanford leaves his superconceit, which he inherited last year, to Bill Hall. Tom Corbally wills to Milton Arthur his Ford. The Fagenstrom twins (after careful consideration) have decided to keep their nice quiet ways in the family, and will them to their sister, Bessie. Rosemary Brown is going to take the famous Brown figure and looks with her. (She thinks no one is qualified to take them.) Blanche Longenecker takes her love of Alma Mater with her at first but after considering leaves it to Lillian Epstein. Bob Bates bequeaths his A's to anyone who is able to take them. Mazie Richardson wills the famous Richardson smile to,—no, not to Ruth but Fay Sederholm. Al McIntyre leaves nothing but takes everything he can get his hands on. Austin Redding leaves that school-girl complexion to Phil Leonard. (Keep praying for a beard, Phil.) Steve Preston wills his long, loud ringing loquaciousness to Bob Graham. Fred Grinde leaves his curly hair to Paul Pattison. John Baucus wills his height to Rusty McCullum. To Mr. Bailey, we bequeath our best regards and some stacomb. Last but not least, we leave the job of drafting the next will to whoever is unlucky enough to have to.

The above was subscribed in the presence of each of us and was at the time declared to be our Last Will and Testament, and in testimony thereof we hereby affix our signatures.

YE PROPHECY

It is the year 1985 and Ralph Bailey is seated on the bottom step at the Pearly Gates breathing rapidly after his 33rd attempt to pass St. Peter. (One trip every year since he proved to his students that it is impossible for a human to breathe under water.) A great stream of people from all walks of life are passing him and the first one he recognizes is Senator Sugarfoot Shephard Sanford who had fallen down an elevator shaft from the 108th floor of the Charles Newman Scientific Laboratory after inspecting the latest television development by the most eminent physicist of the day, John LeVasseur.

Because St. Peter had to spend a great deal of time looking up the questionable record of the Senator, Mr. Bailey had time to ask concerning some of the other members of the class of '32.

"Now here are some clippings," quoth the Senator, "from the great newspaper edited by Willie McCrea, assisted ably by Alice Risdahl, in which are accounts of some of the classmates."

Lee Rothweiler, Ph.D., has just retired from his twenty-year professorship in grammar at Vassar.

Blanche Longenecker and Margery Fisher are the heads of the W. C. T. U. and are on the front page of nearly every paper. Their greatest success was the passing of a bill in Congress reducing the price of pretzels in bowling alleys.

Bob Bates, founder of the famous Bates Sure-Ketchem Bait, internationally known rat poison, has recently set the world afire by his great feat in draining part of the Atlantic Ocean into the Pacific.

The two Fagenstrom lads, with the help of Catherine Hull and Tom Lambert are running a world famous syndicated comic strip, The Prestons, featuring Mr. and Mrs. S. N. Preston and their three lovely children.

Fred Grinde has been admitted to the Tina Willcomb bar and is serving his country well by convicting such criminals as Cattleman Baucus out in Montana, who, by the way, is rounding up stray, and otherwise, cattle with the help of Jim Finn who lures the cattle with his trombone like the Pied Piper of Hamelin.

Mazie Richardson and Helen Armstrong have just completed a most successful season on the great milky, starry way by playing the parts of the voice in the darkness and the approaching footsteps in the great war epic written by Marjory Sheehan. John Trigg and Jack Swall played the part of the dead men in the picture of the front piece.

Al Brown and Jim Dakin are two of the most famous comedians since Will Rogers and Eddie Cantor. Al has seventeen cars, each with seven horns, which he keeps in front of his house for show-off and drives around on a Kiddy Kar. Dakin has endowed several homes for people over 111 years of age.

Don Becklin is the international champion of the ping-pong league and has nearly as many leather medals (instead of loving cups) as Bob Nelson, the great prize fighter, has pansies.

Bill Mathews and Bill Cole were two of the most notorious card trick sharks in the world until they were caught, and they are now playing pinochle with the wardens between the bars of Sung Sung.

Sidney Hamilton is a great surgeon of the old school when Halitosis was bad breath and Sweat was sweat instead of B.O. He has recently astounded the scientific world by his miraculous operation, in which he transferred one half of John Tuss' brain to George Cameron, thus making two half-wits. He also reinforced Jerry Corcoran's jaw muscles with a silver hinge because they wore out after the 376,591,372,961st flap.

Vera Louise Thelen is leading a nationally known troupe of Follies girls. Among them are Catherine Gallagher, Catherine Hull, Frances Snyder, Julia Wynn, Mable Weideman, Matilda and Magdalena Gutenberg, Amy Patterson, and Frances and Viola Palagi. These chorus girls have made a great name for themselves in that they are impossible to reach with vegetables and hisses over the television sets.

Jerome Patton and Conna May have invested thousands of dollars of other people's money in a great department store in the city of Flood. Nancy Cooper is their New York and Paris buyer, and it is she who starts all the fads among the farmers in and about Flood.

Harold Nicholls, the only living man who can play all known instruments, Leonard Gaines, O. K. Haney and Jimmy Williams entertain the world every night except Sunday over station GFHS. This station has been ordered off the air several times for too much discord but are now on again going bigger than ever.

Lloyd Vernon is the right hand man of the President of the United States. Whenever the President wants to know how to do something he just asks Lloyd, the fellow who wrote all the books.

"All right, Senator Sanford, you may enter now, but you are on two-hundred years probation and there must be no such actions up here as you have lately been accustomed to. As for you, Mr. Bailey, after looking up your record as sponsor for the class of '32, and the big things it has done, I am going to give you the seat of honor in our assembly."

For the first time in the history of the Great Falls High School the Junior Class held their annual Prom given for the Seniors at the Green Mill Gardens. A Japanese garden effect was carried out through the decorations. The orchestra platform was decorated with trellises and fresh roses while carnations of green and white adorned the room. A small, brilliant fountain played during the dance in an alcove off the main floor. Here the green grass covered the floor. The lights were subdued by colorful Japanese lanterns. Soft wicker chairs in this miniature garden added to the comfort of the dancers between dances. Over the fireplace in the main dance hall large drapes were hung; one of green with a large coral '31. These drapes were pinned back by roses of opposite class colors, and in between these drapes was a blue and white shield standing for Great Falls High School.

EXTEMPORANEOUS SPEAKING CONTEST

This is an age of speech, an age of radio; consequently, the world must stand prepared and ready to cope with such problems as are bound to occur in such an age.

We must find in the students of today the speakers of tomorrow; those who by means of their vocal powers will be able to think on their feet, and to convince themselves and others beyond a doubt of their aims and purposes in life.

The public speaking department has done much in seeking out and encouraging young speakers to continue in their chosen field. Various specialties are offered for those who are truly interested, one of the most important of which is the extemporaneous contest. The contestants are chosen from the public speaking classes, and are all given an equal chance for the preparation and presentation of their orations on current topics of world interest.

Six prominent members of the school competed in the local contest, and were as follows: Bessie Fagenstrom, John Southmayd, Raymond Buell, Sidney Hamilton, Steve Preston, and Howard Mickey. Steve was judged winner and represented Great Falls in the district contest where he again received the laurels. During the last week in April he represented this district at the state contest held in Bozeman. Who knows but that we are harboring another Bryan in our midst?

EXTEMPORANEOUS WRITING CONTEST

To be able to write, at all, is an accomplishment not to be despised. But with no previous preparation, to write something worth while is a gift granted to but few. Such a gift ought to be protected and developed, else the world may be the loser.

This year, as formerly, a local extemporaneous writing contest was conducted under the supervision of the English department of this school. Students were chosen from their respective classes to compete in an open contest. The contest was carried out entirely free from personal prejudice, each student writing under a number rather than a name. Likewise, definite time was allotted for the completion of the essays.

Of the many essays presented in the local contest this year, five were chosen, and the winners were named in the following order: Robert Bates, Margery Frogner, Glenn Casey, Lorraine Whittemore, and Jack Bell.

These five people representing Great Falls in the district contest the following week, wrote again under similar conditions, competing with representatives from all the neighboring towns.

In the district contest Lorraine Whittemore, a junior in the high school, was awarded a place. Along with the honor of being the victor, she was the one who represented our school and this district at the state contest held in Bozeman the latter part of April. Indeed our young writers must be trained and encouraged in order that they might later influence public thought through their pens.

THE CLASS OF '32

In the fall of the year of twenty-eight
(Fortune blessed our school that notable date),
There came a class to Great Falls High
Whose praises are flung to the vaulted sky.

The first year saw them blossom out,
As to their worth they left no doubt.
They proved their spirit was not in vain
By taking this cup, winning that campaign.

Year after year they continued to star,
Their pep and vitality carried them far,
And all other classes they put to shame,
Many activities bringing them fame.

They did everything worth doing at all
And did it well, whether great or small;
Defeats were few and far between
And victories were ever present, it seemed.

Friends were they to all they knew,
Loyal comrades, staunch and true.
Ever their memory will enthrall
The classes that enter G. F. each fall.

But soon came the end of the four year stay,
When Seniors as graduates go away.
They gave a class play and big dances too,
A last celebration before they were through.

Now comes Commencement, and Seniors must go.
Long may their fame continue to grow.
Here's to their health and future success,
As on through college to life they progress.
